DETAILED ACTION

1. Claims 1, 3, 5-14, 16, 18-32, and 33 are allowed.

The following is an examiner's statement of reasons for allowance: the primary reason for allowance of the claimed invention of claim 1 (and its dependent claims 2 and 5-13) is the inclusion of, inter alia, the step (e) and step (f). The primary reason for allowance of the claimed invention of claim 14 (and its dependent claims 16, and 18-26) is the inclusion of, among other things, a counter operable to maintain a count of a number of iterations completed by the controller, wherein the controller is further operable to stop the iterative repetition of the steps (i.e., step (c)) in response to the count reaching a predetermined number. The primary reason for allowance of the claimed invention of claim 27 (and its dependent claims 28-32) is the inclusion of, among other things, the counter and controller. And for claim 33, the primary reason for allowance of the claimed invention is the inclusion of the counter means and stopping means. These features of the claimed invention are not found in the prior art. Thus, claims 1, 3, 5-14, 16, 18-32, and 33 are allowed.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
